- * Trued Edges with Choice of 4 Bearing Edges, sanded and sealed including Sealed Interiors
- * Choice of Several Strainer, Butt and Wire options including Strainer Placement
- * Hand-Rubbed Oil & Wax Finish on Your Choice of Natural or Dyed Maple
- * Each drum is serialized and signed by the maker
- * Choice of Diecast or Stamped Claws
- * 2.3mm Hoops
- * Optional Tom Suspension Choices
- * Chrome Hardware
- * Choice of Drumheads

UPGRADE

Includes STANDARD features but with:

- * Chrome Beavertail Lugs
- * **OR** Black or Brass Hardware
- * **OR** Wrapped Finish

ACADEMY

The Academy Series features the same rigorous quality as STANDARD TreeHouse Drums except with only 8-ply shells, Direct Brackets, my choice of chrome hardware and fewer color & finish options for a fantastic value at a lower price.

DELUXE

Includes STANDARD features but with:

- * Chrome Beavertails, Black or Brass Hardware AND Wrapped Finish
- * **OR** Tube Lugs on Oil/Wax Finish

Add 10% over DELUXE for **either** black/brass tube lugs and hardware on oil/wax finish **or** chrome tube lugs on wrapped finish.

Add 15% over DELUXE for **both** black/brass tube lugs and hardware **and** wrapped finish.

BASS BOOST

TreeHouse **Bass Boost** works much like a bass drum mic placed in front of the audience side head, but uses a bass speaker as the diaphragm. It's mounted in a 5x10 maple shell that can match your TreeHouse Drumset. Just plug a normal XLR mic cable directly into its built-in jack to add unexpected low end to your TreeHouse Drum!

COCKTAIL KITS

A TreeHouse **Cocktail Kit** features an 8-ply 8" tom with sharp bearing edges and a 6-ply 10" tom with rounded bearing edges which make these toms sound WAY different from each other. A tall 15" bass with a snappy 13" snare floating over the top rounds out this unique kit. Included are a Gibraltar up-firing bass pedal, a cymbal arm, a hi-hat arm, arms/legs to hold up all the drums and a rug. Have fun figuring out how to play a standing drumset!

TUBE TOMS

TreeHouse **Tube Toms** are made with 8-ply maple shells and are available with hardware and finishes (oil/wax, excluding wraps) left natural or dyed inside and out to match your TreeHouse drumset! One Gibraltar double tom stand is included with each pair of **Tube Toms**.

ACADEMY SERIES PRACTICE TENORS

Each set of TreeHouse **Practice Tenors** is designed to fit on a snare stand instead of attaching to a marching carrier. In your choice of 4-drum quads or 5-drum quints, **Practice Tenors** come with Chrome hardware in Natural Maple with an Oil & Wax finish.

ACADEMY SERIES CONCERT TOMS

TreeHouse **Concert Toms** realize an opportunity for you to have quality, real maple drums for your pit, orchestra, or small ensemble situations without breaking the bank. TreeHouse **Concert Toms** come in one of three colors: Natural Maple, Light Brown, or Earth Brown with an Oil & Wax finish. One Gibraltar Tom Stand is included per pair of TreeHouse **Concert Toms**.

ACADEMY SERIES CONCERT BASS TOMS

Designed perfectly to compliment TreeHouse Concert Toms, TreeHouse **Concert Bass Toms** provide you with compact, great-sounding low end for your ensembles. TreeHouse **Concert Bass Toms** come in one of three colors: Natural Maple, Light Brown, or Earth Brown with an Oil & Wax finish.

COMPACT NESTING KITS

Designed in conjunction with drummers in NYC, TreeHouse has come up with a GREAT sounding drumset that stacks into itself. Imagine all your hardware and sticks in a backpack, cymbal bag in one hand and drum case in the other—either carried or wheeled along. It's here: the TreeHouse **Compact Nesting Kit**. The fastest growing product line in TreeHouse's history, **Compact Kits** get you out of the car, in the door, on the stage and ready to play in one trip.

TUPANS

TreeHouse **Tupans** are rope-tuned East European-Style bass drums made of plied maple & low-stretch kernmantle rope. Rounded bearing edge with Remo Powerstroke Fiberskyn on bass side and sharp bearing edge with Remo Renaissance on treble side are standard. Featuring a hand-rubbed Oil & Wax finish over dyed wood, TreeHouse **Tupans** are lightweight, full-sounding, easy to play, and unique! Each TreeHouse **Tupan** comes with a mallet & switch striker set. Add \$100 for a built-in CAD CM-217 condenser mic.

SURDOS

With the deepest of respect to our friends from Brazil, TreeHouse proudly offers our homage to the wonderful music of Carnival: the **Surdo**! Made with marching-friendly 18" or 20" diameters, these 22" deep drums are outfitted with heavy heads to rattle the windows as you support the bateria in your own escola de samba.

HAMMERED BRASS SNARES

TreeHouse offers **Hammered Brass Snare Drums** featuring heavily-hammered shells with a traditional center bead. Finished with a black dimpled look and sporting tube lugs, these drums are great for all styles of music!

SOLID DRUMSETS, CUSTOM ART, INTERNAL MICS, ETC

TreeHouse offers many ways to customize your drums your way. Contact Derek to explore your project!
